Zhu Q (*see* He et al). 2004;97:239-45
Zuckerman O (*see* Kfir et al). 2004;97:745-8

Subject index*

A

Abscess
Acute tongue abscess. Report of three cases (Antoniades et al). 2004;97:570-3
Adenocarcinoma and adenoma
Assessment of p63 expression in the salivary gland neoplasms adenoid cystic carcinoma, polymorphous low-grade adenocarcinoma, and basal cell and canalicular adenomas (Edwards et al). 2004;97:613-19
Ameloblastoma
Parathyroid hormone-related protein (PTHrP) expression in ameloblastoma (Abdelsayed et al). 2004;97:208-19
Amelogenesis imperfecta
Phenotypic diversity and revision of the nomenclature for autosomal recessive amelogenesis imperfecta (Nusier et al). 2004;97:220-30
American Academy of Oral Medicine
Abstracts of the 58th Annual Meeting of the American Academy of Oral Medicine. 2004;97:447-64
Amnion
Use of amnion as a graft material in vestibuloplasty: a preliminary report (Samandari et al). 2004;97:574-8
Analgesia and anesthesia
Cox-2 selective inhibitors: a literature review of analgesic efficacy and safety in oral-maxillofacial surgery (Cicconetti et al). 2004;97:139-46
Effects of bilateral lingual and inferior alveolar nerve anesthesia effects on masticatory function and early swallowing (Tei et al). 2004;97:553-8
Injection pain and postinjection pain of the palatal-anterior superior alveolar injection, administered with the Wand Plus® system, comparing 2% lidocaine with 1:100,000 epinephrine to 3% mepivacaine (Nusstein et al). 2004;97:164-72
Anti-bacterial agents
Effect of antibacterial therapy and salivary secretion on the efficacy of *Helicobacter pylori* eradication in duodenal ulcer patients (Namiot et al). 2004;97:714-7
Iatrogenic maxillary sinus exposure during maxillary posterior root-end surgery (Walton) (Letter); (Kretzschmar) (Reply). 2004;97:3-4
In vitro evaluation of the antimicrobial activity of chlorhexidine and sodium hypochlorite (Vianna et al). 2004;97:79-84
Statistical analysis used in "A prospective placebo-controlled double-blind trial of antibiotic prophylaxis in intraoral bone grafting procedures: a pilot study" (2003:96:669-72) (Brennan et al) (Letter); (Lindeboom and Van den Akker) (Reply). 2004;97:664, 664-5
Antiretroviral therapy

*January, 1-134; February, 135-294; March, 295-416; April, 417-540; May, 541-660; June, 661-794

The effect of antiretroviral therapy on the prevalence of HIV-associated oral candidiasis in a Spanish cohort (Ceballos-Salobreña et al). 2004;97:345-50

Apoptosis

Detection of apoptotic cells in whole saliva of patients with oral premalignant and malignant lesions: a preliminary study (Cheng et al). 2004;97:465-70

Oral graft-versus-host disease and programmed cell death: pathogenetic and clinical correlates (Sedghizadeh et al). 2004;97:491-8

The role of apoptosis in oral disease: mechanisms; aberrations in neoplastic, autoimmune, infectious, hematologic, and developmental diseases; and therapeutic opportunities (Nikitakis et al). 2004;97:476-90

Arteriovenous malformations

An alternative approach to maxillofacial arteriovenous malformations with transosseous direct puncture embolization (Kademani et al). 2004;97:701-6

Arthroscopy

Commentary to "Outcomes of 152 temporomandibular joints following arthroscopic anterolateral capsular release by holmium: YAG laser or electrocautery" (Indresano). 2004;97:552 (Commentary)

Outcomes of 152 temporomandibular joints following arthroscopic anterolateral capsular release by holmium:YAG laser or electrocautery (Kaneyama et al). 2004;97:546-51

B

Bacterial infections and mycoses; *see also* Candidiasis, oral

Association of T CD4 lymphocyte levels and subgingival microbiota of chronic periodontitis in HIV-infected Brazilians under HAART (Gonçalves et al). 2004;97:196-203

Fungi in endodontic infections (Siqueira and Sen). 2004;97:632-41

Polymerase chain reaction–based analysis of microorganisms associated with failed endodontic treatment (Siqueira and Rôças) 2004;97:85-94. Correction 2004;97:293

Bethanechol

The efficacy of pilocarpine and bethanechol upon saliva production in cancer patients with hyposalivation following radiation therapy (Gorsky et al). 2004;97:190-5

Biocompatible materials

Observations on healing of human tooth extraction sockets implanted with bioabsorbable polylactic-polyglycolic acids (PLGA) copolymer root replicas: a clinical, radiographic, and histologic follow-up report of 8 cases (Nair and Schug). 2004;97:559-69

Self-reinforced bioresorbable poly-L/DL-Lactide [SR-P(L/DL)LA] 70/30 miniplates and miniscrews are reliable for fixation of anterior mandibular fractures: a pilot study (Ylikontiola et al). 2004;97:312-17

Use of amnion as a graft material in vestibuloplasty: a preliminary report (Samandari et al). 2004;97:574-8

Biopsy

Oral brush biopsy: false positives redux (Slater). 2004;97:419 (Letter)

Bone marrow transplantation

Oral graft-versus-host disease and programmed cell death: pathogenetic and clinical correlates (Sedghizadeh et al). 2004;97:491-8

Bone regeneration

Emdogain promotes osteoblast proliferation and differentiation and stimulates osteoprotegerin expression (He et al). 2004;97:239-45

Enhancement of bone formation in rat calvarial bone defects using low-level laser therapy (Khadra et al). 2004;97:693-700

Evaluation of a poly-l-lactic acid membrane and membrane fixing pin for guided tissue regeneration on bone defects in dogs (Amano et al). 2004;97:155-63

Bone transplantation

Immediate reconstruction of maxilla with bone grafts supported by pedicled buccal fat pad graft (Zhong et al). 2004;97:147-54

Sinus bone grafting for oral antral fistulae (Jensen). 2004;97:4 (Letter)

Statistical analysis used in "A prospective placebo-controlled double-blind trial of antibiotic prophylaxis in intraoral bone grafting procedures: a pilot study" (2003:96:669-72) (Brennan et al) (Letter); (Lindeboom and Van den Akker) (Reply). 2004;97:664, 664-5

Book reviews

Contemporary Oral and Maxillofacial Pathology by J. Philip Sapp, Lewis Roy Eversole, and George W. Wysocki (Williams). 2004;97:663

Essentials of Septorhinoplasty: Philosophy, Approaches, Techniques by Hans Behrbohm and M. Eugene Tardy, Jr (Jordan). 2004;97:543

Burning mouth syndrome

Psychological profile in burning mouth syndrome (Al Quran). 2004;97:339-44

C

Calcium hydroxide

Evaluation of pH levels and calcium ion release in various calcium hydroxide endodontic dressings (Ferreira et al). 2004;97:388-92

Calcium phosphates

Octacalcium phosphate–based cement as a pulp-capping agent in rats (Sena et al). 2004;97:749-55

Candidiasis, oral

Candida glabrata is an emerging cause of oropharyngeal candidiasis in patients receiving radiation for head and neck cancer (Redding et al). 2004;97:47-52

Efficacy of chlorhexidine gluconate rinse for treatment and prevention of oral candidiasis in HIV-infected children: a pilot study (Barasch et al). 2004;97:204-7

Evaluation of the recurrence of denture stomatitis and *Candida* colonization in a small group of patients who received itraconazole (Cross et al). 2004;97:351-8

Oropharyngeal *Candida* colonization and infection in neutropenic patients with hematologic malignancies (Myoken et al) (Letter); (Epstein) (Reply). 2004;97:137-8

The effect of antiretroviral therapy on the prevalence of HIV-associated oral candidiasis in a Spanish cohort (Ceballos-Salobreña et al). 2004;97:345-50

Carbamazepine

Diagnostic significance of carbamazepine and trigger zones in trigeminal neuralgia (Sato et al). 2004;97:18-22

Carcinoma

A prospective study of salivary gland function in patients undergoing radiotherapy for squamous cell carcinoma of the oropharynx (Möller et al). 2004;97:173-89

Assessment of p63 expression in the salivary gland neoplasms adenoid cystic carcinoma, polymorphous low-grade adenocarcinoma, and basal cell and canalicular adenomas (Edwards et al). 2004;97:613-19

Factors associated with delay in presentation among younger patients with oral cancer (Llewellyn et al). 2004;97:707-13

Intralesional chemotherapy for head and neck carcinoma: a review of the literature (Barasch et al). 2004;97:307-11
Mandibular unilocular radiolucency with ill-defined borders (Tapia et al). 2004;97:301-6
Oral metastasis of a hepatocellular carcinoma (Pires et al). 2004;97:359-68
Prognostic significance of perineural invasion in oral and oropharyngeal carcinoma (Rahima et al). 2004;97:423-31

Cardiomyopathy, congestive
The prevalence of calcified carotid atheromas on the panoramic radiographs of patients with dilated cardiomyopathy (Sung et al). 2004;97:404-7

Caries, dental; *see* Dental caries

Carotid artery diseases
The prevalence of calcified carotid atheromas on the panoramic radiographs of patients with dilated cardiomyopathy (Sung et al). 2004;97:404-7

CD4-positive T-lymphocytes
Association of T CD4 lymphocyte levels and subgingival microbiota of chronic periodontitis in HIV-infected Brazilians under HAART (Gonçalves et al). 2004;97:196-203

Cell death, programmed; *see* Apoptosis

Cementoblastoma
Benign cementoblastoma involving multiple maxillary teeth: report of a case with a review of the literature (Ohki et al). 2004;97:53-8

Cerebral palsy
A modified oral screen appliance to prevent self-inflicted oral trauma in an infant with cerebral palsy: a case report (Yasui et al). 2004;97:471-5

Chemotherapy
Intralesional chemotherapy for head and neck carcinoma: a review of the literature (Barasch et al). 2004;97:307-11

Child
Detection and significance of the characteristic magnetic resonance signals of mandibular condyles in children (Morimoto et al). 2004;97:269-75
Efficacy of chlorhexidine gluconate rinse for treatment and prevention of oral candidiasis in HIV-infected children: a pilot study (Barasch et al). 2004;97:204-7
Inflammatory paradental cyst (IPC) in the mandibular premolar region in children (Morimoto et al). 2004;97:286-93

Chlorhexidine
Efficacy of chlorhexidine gluconate rinse for treatment and prevention of oral candidiasis in HIV-infected children: a pilot study (Barasch et al). 2004;97:204-7
In vitro evaluation of the antimicrobial activity of chlorhexidine and sodium hypochlorite (Vianna et al). 2004;97:79-84

Chondromatosis, synovial
CT features of synovial chondromatosis in the temporomandibular joint (Yu et al). 2004;97:524-8

Chondrosarcoma
Dedifferentiated chondrosarcoma of the larynx (Rinaggio et al). 2004;97:369-75

Commentaries
Commentary to "Outcomes of 152 temporomandibular joints following arthroscopic anterolateral capsular release by holmium: YAG laser or electrocautery" (Indresano). 2004;97:552

Compomers
The effectiveness of compomer as a root-end filling: a clinical investigation (Platt and Wannfors). 2004;97:508-12

Computed tomography; *see* Tomography, x-ray computed

Concrescence
Concrescence: report of a rare case (Romito). 2004;97:325-7

Condyle, mandibular; *see* Mandibular condyle

Corrections
Polymerase chain reaction–based analysis of microorganisms associated with failed endodontic treatment (Siqueira and Rôças) (2004;97:85-94). 2004;97:293

Correspondence; *see* Letters to the Editor

Cyclooxygenase inhibitors
Cox-2 selective inhibitors: a literature review of analgesic efficacy and safety in oral-maxillofacial surgery (Cicconetti et al). 2004;97:139-46

Cysts
Inflammatory paradental cyst (IPC) in the mandibular premolar region in children (Morimoto et al). 2004;97:286-93

D

Deglutition
Effects of bilateral lingual and inferior alveolar nerve anesthesia effects on masticatory function and early swallowing (Tei et al). 2004;97:553-8

Dental Admissions Test
Admissions committees select our future dental professionals. Right? (Hupp). 2004;97:1-2 (Editorial)
Objectivity and subjectivity in dental admissions (Ness). 2004;97:297 (Letter)

Dental caries
In vitro carious lesion detection on D-, E-, and F-speed radiographic films (Schulze et al). 2004;97:529-34
Short-term histomorphological effects of Er:YAG laser irradiation to rat coronal dentin-pulp complex (Inoue et al). 2004;97:246-50

Dental cementum
Concrescence: report of a rare case (Romito). 2004;97:325-7

Dental enamel proteins
Emdogain promotes osteoblast proliferation and differentiation and stimulates osteoprotegerin expression (He et al). 2004;97:239-45

Dental equipment; *see also* Lasers
A comparison of Profile, Hero 642, and K3 instrumentation systems in teeth using digital imaging analysis (González-Rodríguez and Ferrer-Luque). 2004;97:112-15
Accuracy of the Nouvag torque control motor for nickel-titanium rotary instruments (Yared and Kulkarni). 2004;97:499-501
Cyclic fatigue testing of ProTaper NiTi rotary instruments after clinical use (Fife et al). 2004;97:251-6
Perforation risks associated with the use of Masserann endodontic kit drills in mandibular molars (Yoldas et al). 2004;97:513-17

Dental implants
Observations on healing of human tooth extraction sockets implanted with bioabsorbable polylactic-polyglycolic acids (PLGA) copolymer root replicas: a clinical, radiographic, and histologic follow-up report of 8 cases (Nair and Schug). 2004;97:559-69

Dental leakage
Fluid transport along gutta-percha backfills with and without sealer (Wu et al). 2004;97:257-62

Dental pulp
Blood-flow and neurosensory changes in the maxillary dental pulp after differing Le Fort I osteotomies (Harada et al). 2004;97:12-17
Examination of the signal transduction pathways involved in matrix metalloproteinases-2 in human pulp cells (Huang et al). 2004;97:398-403
Fungi in endodontic infections (Siqueira and Sen). 2004;97:632-41
Octacalcium phosphate–based cement as a pulp-capping agent in rats (Sena et al). 2004;97:749-55

Short-term histomorphological effects of Er:YAG laser irradiation to rat coronal dentin-pulp complex (Inoue et al). 2004;97:246-50
Success rate of endodontic treatment of teeth with vital and nonvital pulps. A meta-analysis (Kojima et al). 2004;97:95-9

Dental sac
Dental follicles replantation after enucleation of an odontoma (Torres and Martins). 2004;97:420-2 (Letter)

Dentin
SEM observations of the attachment of human periodontal ligament fibroblasts to non-demineralized dentin surface in vitro (Al-Nazhan). 2004;97:393-7

Dentist's practice patterns
Patient characteristics associated with receipt of dental radiographic procedures during a 48-month population-based study of dentate adults (Gilbert et al). 2004;97:642-51

Dentofacial abnormalities; *see* Maxillofacial abnormalities

Dentures
Evaluation of the recurrence of denture stomatitis and *Candida* colonization in a small group of patients who received itraconazole (Cross et al). 2004;97:351-8

Digital radiography; *see* Radiography, dental

DNA microassay; *see* Oligonucleotide array sequence analysis

Dry mouth; *see* Xerostomia

Duodenal ulcer
Effect of antibacterial therapy and salivary secretion on the efficacy of *Helicobacter pylori* eradication in duodenal ulcer patients (Namiot et al). 2004;97:714-7

Dysostoses
Nager syndrome (preaxial acrofacial dysostosis): a case report (Kavadia et al). 2004;97:732-8

E

Echo-planar imaging
T2-weighted MRI for the assessment of joint effusion: comparative study of conventional spin-echo and fast spin-echo sequences (Mori et al). 2004;97:768-74

Editorials
Admissions committees select our future dental professionals. Right? (Hupp). 2004;97:1-2
Anyone up for annual whole body CT screening? (Matteson). 2004;97:541-2
Business education for dental professionals: how much is enough? (Hupp). 2004;97:295-6
Screening for medical disease in dental practice (Greenberg). 2004;97:417-18
The pathology laboratory report: thoughts on "building a better mousetrap" (Gould). 2004;97:135-6
Training or education? (Spångberg). 2004;97:661-2

Education, dental
Admissions committees select our future dental professionals. Right? (Hupp). 2004;97:1-2 (Editorial)
Business education for dental professionals: how much is enough? (Hupp). 2004;97:295-6 (Editorial)
Objectivity and subjectivity in dental admissions (Ness). 2004;97:297 (Letter)
Screening for medical disease in dental practice (Greenberg). 2004;97:417-18 (Editorial)
Training or education? (Spångberg). 2004;97:661-2 (Editorial)

Ehlers-Danlos syndrome
Abnormal oral mucosal light reflectance: a new clinical sign of Ehlers-Danlos syndrome (Parrini et al). 2004;97:335-8

Elastofibroma
Elastofibroma: the initial report in the oral mucosa (Potter et al). 2004;97:64-7

Electrosurgery
Commentary to "Outcomes of 152 temporomandibular joints following arthroscopic anterolateral capsular release by holmium: YAG laser or electrocautery" (Indresano). 2004;97:552 (Commentary)
Outcomes of 152 temporomandibular joints following arthroscopic anterolateral capsular release by holmium:YAG laser or electrocautery (Kaneyama et al). 2004;97:546-51

Embolization, therapeutic
An alternative approach to maxillofacial arteriovenous malformations with transosseous direct puncture embolization (Kademani et al). 2004;97:701-6

Emdogain
Emdogain promotes osteoblast proliferation and differentiation and stimulates osteoprotegerin expression (He et al). 2004;97:239-45
The effect of Emdogain gel on periodontal healing in replanted monkeys' teeth (Lam and Sae-Lim). 2004;97:100-7

F

False positive reactions
Oral brush biopsy: false positives redux (Slater). 2004;97:419 (Letter)

Fibroblasts
SEM observations of the attachment of human periodontal ligament fibroblasts to non-demineralized dentin surface in vitro (Al-Nazhan). 2004;97:393-7

Fractures
Maxillofacial fractures sustained during sports played with a ball (Delibasi et al). 2004;97:23-7
Self-reinforced bioresorbable poly-L/DL-Lactide [SR-P(L/DL)LA] 70/30 miniplates and miniscrews are reliable for fixation of anterior mandibular fractures: a pilot study (Ylikontiola et al). 2004;97:312-17

Fungi
Fungi in endodontic infections (Siqueira and Sen). 2004;97:632-41

G

Genetics
Assessment of p63 expression in the salivary gland neoplasms adenoid cystic carcinoma, polymorphous low-grade adenocarcinoma, and basal cell and canalicular adenomas (Edwards et al). 2004;97:613-19
Deciphering gene expression profiles generated from DNA microarrays and their applications in oral medicine (Kuo et al). 2004;97:584-91
Phenotypic diversity and revision of the nomenclature for autosomal recessive amelogenesis imperfecta (Nusier et al). 2004;97:220-30

Graft vs host disease
Oral graft-versus-host disease and programmed cell death: pathogenetic and clinical correlates (Sedghizadeh et al). 2004;97:491-8

Grafts; *see* Transplants

Guided tissue regeneration
Evaluation of a poly-l-lactic acid membrane and membrane fixing pin for guided tissue regeneration on bone defects in dogs (Amano et al). 2004;97:155-63

Gutta-percha
Fluid transport along gutta-percha backfills with and without sealer (Wu et al). 2004;97:257-62

H

Hamartoma
Respiratory epithelial adenomatoid hamartoma of the maxillary sinus presenting as a periapical radiolucency: a case report and review of the literature (Kessler and Unterman). 2004;97:607-12
Head and neck neoplasms; *see also* Mouth neoplasms
Candida glabrata is an emerging cause of oropharyngeal candidiasis in patients receiving radiation for head and neck cancer (Redding et al). 2004;97:47-52
Dedifferentiated chondrosarcoma of the larynx (Rinaggio et al). 2004;97:369-75
Intralesional chemotherapy for head and neck carcinoma: a review of the literature (Barasch et al). 2004;97:307-11
Primary non-Hodgkin's lymphoma of the sinonasal tract (Shohat et al). 2004;97:328-31
Prognostic significance of perineural invasion in oral and oropharyngeal carcinoma (Rahima et al). 2004;97:423-31
Helicobacter pylori
Effect of antibacterial therapy and salivary secretion on the efficacy of *Helicobacter pylori* eradication in duodenal ulcer patients (Namiot et al). 2004;97:714-7
Hemangioma
Angiosarcoma of the parotid gland arising in congenital nonirradiated hemangioma. A case with adverse outcome (Damiani). 2004;97:665-6 (Letter)
Rare vascular proliferations of the oral mucosa (Ide et al). 2004;97:75-8
Hematologic neoplasms
Oropharyngeal *Candida* colonization and infection in neutropenic patients with hematologic malignancies (Myoken et al) (Letter); (Epstein) (Reply). 2004;97:137-8
Herpesviridae infections
Recurrent oral herpes simplex virus infection presenting as a tongue mass (Tabaee et al). 2004;97:376-80
Histiocytoma, fibrous
Benign fibrous histiocytoma in the mandible (Heo et al). 2004;97:276-80
HIV
Association of T CD4 lymphocyte levels and subgingival microbiota of chronic periodontitis in HIV-infected Brazilians under HAART (Gonçalves et al). 2004;97:196-203
Efficacy of chlorhexidine gluconate rinse for treatment and prevention of oral candidiasis in HIV-infected children: a pilot study (Barasch et al). 2004;97:204-7
The effect of antiretroviral therapy on the prevalence of HIV-associated oral candidiasis in a Spanish cohort (Ceballos-Salobreña et al). 2004;97:345-50
Hormones
A comparison of the hormone levels in patients with Sjogren's syndrome and healthy controls (Taiym et al). 2004;97:579-83
Hydrarthrosis
T2-weighted MRI for the assessment of joint effusion: comparative study of conventional spin-echo and fast spin-echo sequences (Mori et al). 2004;97:768-74
Hydrogen-ion concentration
Evaluation of pH levels and calcium ion release in various calcium hydroxide endodontic dressings (Ferreira et al). 2004;97:388-92
Hyperplasia
Mirror image condylar hyperplasia in two siblings (Yang et al). 2004;97:281-5
Rare vascular proliferations of the oral mucosa (Ide et al). 2004;97:75-8

I

Image processing, computer-assisted
Comparative investigation of subjective image quality of digital intraoral radiographs processed with 3 image-processing algorithms (Li). 2004;97:762-7
Determination of the resolution of a digital system for panoramic radiography based on CCD technology (Mastoris et al). 2004;97:408-14
Temporomandibular joint: a methodology of magnetic resonance imaging 3-D reconstruction (Chirani et al). 2004;97:756-61
Immunohistochemistry
Comparative immunohistochemical study of the presence of mast cells in apical granulomas and periapical cysts: possible role of mast cells in the course of human periapical lesions (Rodini et al). 2004;97:59-63
Implants; *see* Dental implants; Transplants
Infant
A modified oral screen appliance to prevent self-inflicted oral trauma in an infant with cerebral palsy: a case report (Yasui et al). 2004;97:471-5
Infection; *see* Bacterial infections and mycoses; Candidiasis, oral
Inferior alveolar nerve; *see* Mandibular nerve
Injections
Injection pain and postinjection pain of the palatal-anterior superior alveolar injection, administered with the Wand Plus® system, comparing 2% lidocaine with 1:100,000 epinephrine to 3% mepivacaine (Nusstein et al). 2004;97:164-72
Injuries; *see* Wounds and injuries
Itraconazole
Evaluation of the recurrence of denture stomatitis and *Candida* colonization in a small group of patients who received itraconazole (Cross et al). 2004;97:351-8

J

Jaw, edentulous
Evaluation of disc position in edentulous patients with complete dentures (Porto et al). 2004;97:116-21
Jaw abnormalities; *see* Maxillofacial abnormalities
Joint effusion; *see* Hydrarthrosis

K

Keratosis
Olmsted syndrome—a rare syndrome with oral manifestations (Batra and Shah). 2004;97:599-602
Klippel-Trenaunay-Weber syndrome
Biometric and magnetic resonance imaging assessment of dentofacial abnormalities in a case of Klippel-Trénaunay-Weber syndrome (Defraia et al). 2004;97:127-32

L

Laboratories, dental
The pathology laboratory report: thoughts on "building a better mousetrap" (Gould). 2004;97:135-6 (Editorial)
Lactation
Pregnancy and lactation (Suresh and Radfar). 2004;97:672-82
Laryngeal neoplasms
Dedifferentiated chondrosarcoma of the larynx (Rinaggio et al). 2004;97:369-75
Lasers
Commentary to "Outcomes of 152 temporomandibular joints following arthroscopic anterolateral capsular release by hol-

mium: YAG laser or electrocautery" (Indresano). 2004;97:552 (Commentary)
CO_2-laser treatment of ulcerative lesions (Sharon-Buller and Sela). 2004;97:332-4
Enhancement of bone formation in rat calvarial bone defects using low-level laser therapy (Khadra et al). 2004;97:693-700
Outcomes of 152 temporomandibular joints following arthroscopic anterolateral capsular release by holmium:YAG laser or electrocautery (Kaneyama et al). 2004;97:546-51
Short-term histomorphological effects of Er:YAG laser irradiation to rat coronal dentin-pulp complex (Inoue et al). 2004;97:246-50
The effect of CO_2 laser irradiation on PDL cell attachment to resected root surfaces (Fayad et al). 2004;97:518-23

Leiomyosarcoma
Post-irradiation leiomyosarcoma of the maxilla: report of a case in a patient with prior radiation treatment for retinoblastoma (Sedghizadeh et al). 2004;97:726-31

Letters to the Editor
Angiosarcoma of the parotid gland arising in congenital non-irradiated hemangioma. A case with adverse outcome (Damiani). 2004;97:665-6
Autogenous mandibular canine transplantation (Abdel-Kader and Kharma) (Letter); (Ioannidou and Makris) (Reply). 2004;97:297-300
Clinical criteria for trigeminal neuralgia (Scrivani et al) (Letter); (Sato) (Reply). 2004;97:544-5
Dental follicles replantation after enucleation of an odontoma (Torres and Martins). 2004;97:420-2
Iatrogenic maxillary sinus exposure during maxillary posterior root-end surgery (Walton) (Letter); (Kretzschmar) (Reply). 2004;97:3-4
Objectivity and subjectivity in dental admissions (Ness). 2004;97:297
Oral brush biopsy: false positives redux (Slater). 2004;97:419
Oropharyngeal *Candida* colonization and infection in neutropenic patients with hematologic malignancies (Myoken et al) (Letter); (Epstein) (Reply). 2004;97:137-8
Sinus bone grafting for oral antral fistulae (Jensen). 2004;97:4
Statistical analysis used in "A prospective placebo-controlled double-blind trial of antibiotic prophylaxis in intraoral bone grafting procedures: a pilot study" (2003:96:669-72) (Brennan et al) (Letter); (Lindeboom and Van den Akker) (Reply). 2004;97:664, 664-5

Lidocaine
Injection pain and postinjection pain of the palatal-anterior superior alveolar injection, administered with the Wand Plus® system, comparing 2% lidocaine with 1:100,000 epinephrine to 3% mepivacaine (Nusstein et al). 2004;97:164-72

Lingual nerve
Effects of bilateral lingual and inferior alveolar nerve anesthesia effects on masticatory function and early swallowing (Tei et al). 2004;97:553-8

Lymphoma, non-Hodgkin
Primary non-Hodgkin's lymphoma of the sinonasal tract (Shohat et al). 2004;97:328-31

M

Magnetic resonance imaging
Biometric and magnetic resonance imaging assessment of dento-facial abnormalities in a case of Klippel-Trénaunay-Weber syndrome (Defraia et al). 2004;97:127-32
Clinical and magnetic resonance imaging evaluation of facial pain (Ögütcen-Toller et al). 2004;97:652-8
Detection and significance of the characteristic magnetic resonance signals of mandibular condyles in children (Morimoto et al). 2004;97:269-75
Evaluation of disc position in edentulous patients with complete dentures (Porto et al). 2004;97:116-21
Schwannoma of the mental nerve: usefulness of preoperative imaging: a case report (Yamazaki et al). 2004;97:122-6
Temporomandibular joint: a methodology of magnetic resonance imaging 3-D reconstruction (Chirani et al). 2004;97:756-61
Temporomandibular joint pathosis in patients with myofascial pain: a comparative analysis of magnetic resonance imaging and a clinical examination based on a specific set of criteria (Schmitter et al). 2004;97:318-24
T2-weighted MRI for the assessment of joint effusion: comparative study of conventional spin-echo and fast spin-echo sequences (Mori et al). 2004;97:768-74

Mandibular condyle
Bilateral bifid mandibular condyle (Antoniades et al). 2004;97:535-8
Detection and significance of the characteristic magnetic resonance signals of mandibular condyles in children (Morimoto et al). 2004;97:269-75
Mirror image condylar hyperplasia in two siblings (Yang et al). 2004;97:281-5

Mandibular diseases
Benign fibrous histiocytoma in the mandible (Heo et al). 2004;97:276-80
Localized jaw enlargement in renal osteodystrophy: report of a case and review of the literature (Kalyvas et al). 2004;97:68-74
Mandibular unilocular radiolucency with ill-defined borders (Tapia et al). 2004;97:301-6
Tuberculous osteomyelitis of the mandible: a case report in a 4-year-old child (Chaudhary et al). 2004;97:603-6

Mandibular nerve
Effects of bilateral lingual and inferior alveolar nerve anesthesia effects on masticatory function and early swallowing (Tei et al). 2004;97:553-8
Successful inferior alveolar nerve decompression for dysesthesia following endodontic treatment: report of 4 cases treated by mandibular sagittal osteotomy (Scolozzi et al). 2004;97:625-31

Marfan syndrome
Temporomandibular joint dysfunction in Marfan syndrome (Bauss et al). 2004;97:592-8

Mass screening
Anyone up for annual whole body CT screening? (Matteson). 2004;97:541-2 (Editorial)
Screening for medical disease in dental practice (Greenberg). 2004;97:417-18 (Editorial)

Masserann kit
Perforation risks associated with the use of Masserann endodontic kit drills in mandibular molars (Yoldas et al). 2004;97:513-17

Mast cells
Comparative immunohistochemical study of the presence of mast cells in apical granulomas and periapical cysts: possible role of mast cells in the course of human periapical lesions (Rodini et al). 2004;97:59-63

Mastication
Effects of bilateral lingual and inferior alveolar nerve anesthesia effects on masticatory function and early swallowing (Tei et al). 2004;97:553-8

Matrix metalloproteinases
Examination of the signal transduction pathways involved in matrix metalloproteinases-2 in human pulp cells (Huang et al). 2004;97:398-403

Maxilla
Benign cementoblastoma involving multiple maxillary teeth: report of a case with a review of the literature (Ohki et al). 2004;97:53-8
Blood-flow and neurosensory changes in the maxillary dental pulp after differing Le Fort I osteotomies (Harada et al). 2004;97:12-17
Immediate reconstruction of maxilla with bone grafts supported by pedicled buccal fat pad graft (Zhong et al). 2004;97:147-54
Post-irradiation leiomyosarcoma of the maxilla: report of a case in a patient with prior radiation treatment for retinoblastoma (Sedghizadeh et al). 2004;97:726-31

Maxillary sinus
Iatrogenic maxillary sinus exposure during maxillary posterior root-end surgery (Walton) (Letter); (Kretzschmar) (Reply). 2004;97:3-4
Respiratory epithelial adenomatoid hamartoma of the maxillary sinus presenting as a periapical radiolucency: a case report and review of the literature (Kessler and Unterman). 2004;97:607-12
Sinus bone grafting for oral antral fistulae (Jensen). 2004;97:4 (Letter)

Maxillofacial abnormalities
An alternative approach to maxillofacial arteriovenous malformations with transosseous direct puncture embolization (Kademani et al). 2004;97:701-6
Bilateral bifid mandibular condyle (Antoniades et al). 2004;97:535-8
Biometric and magnetic resonance imaging assessment of dentofacial abnormalities in a case of Klippel-Trénaunay-Weber syndrome (Defraia et al). 2004;97:127-32
Localized jaw enlargement in renal osteodystrophy: report of a case and review of the literature (Kalyvas et al). 2004;97:68-74
Nager syndrome (preaxial acrofacial dysostosis): a case report (Kavadia et al). 2004;97:732-8
Rehabilitation of the severely atrophied maxilla by horseshoe Le Fort I osteotomy (HLFO) (Yerit et al). 2004;97:683-92

Medical errors
Comparison of procedural errors resulting during root canal preparations completed by senior dental students in patients using an '8-step method' versus 'serial step-back technique' (Kfir et al). 2004;97:745-8

Mental nerve
Schwannoma of the mental nerve: usefulness of preoperative imaging: a case report (Yamazaki et al). 2004;97:122-6

Mepivacaine
Injection pain and postinjection pain of the palatal-anterior superior alveolar injection, administered with the Wand Plus® system, comparing 2% lidocaine with 1:100,000 epinephrine to 3% mepivacaine (Nusstein et al). 2004;97:164-72

Microscopy, electron, scanning
SEM observations of the attachment of human periodontal ligament fibroblasts to non-demineralized dentin surface in vitro (Al-Nazhan). 2004;97:393-7
Surface debris of canal walls after post space preparation in endodontically treated teeth: a scanning electron microscopic study (Serafino et al). 2004;97:381-7

Mineral trioxide aggregate
Influence of the thickness of mineral trioxide aggregate on sealing ability of root-end fillings in vitro (Valois and Costa). 2004;97:108-11

Minocycline
Oral mucosal pigmentation secondary to minocycline therapy: report of two cases and a review of the literature (Treister et al). 2004;97:718-25

Molar, third
A prospective study on transplantation of third molars with complete root formation (Mejàre et al). 2004;97:231-8
Mandibular third molar removal: risk indicators for extended operation time, postoperative pain, and complications (Benediktsdóttir et al). 2004;97:438-46

Mouth mucosa
Abnormal oral mucosal light reflectance: a new clinical sign of Ehlers-Danlos syndrome (Parrini et al). 2004;97:335-8
Oral mucosal pigmentation secondary to minocycline therapy: report of two cases and a review of the literature (Treister et al). 2004;97:718-25

Mouth neoplasms; *see also* Head and neck neoplasms
Anterior buccal mucosal mass (Goebel et al). 2004;97:667-71
Benign cementoblastoma involving multiple maxillary teeth: report of a case with a review of the literature (Ohki et al). 2004;97:53-8
Dental follicles replantation after enucleation of an odontoma (Torres and Martins). 2004;97:420-2 (Letter)
Detection of apoptotic cells in whole saliva of patients with oral premalignant and malignant lesions: a preliminary study (Cheng et al). 2004;97:465-70
Elastofibroma: the initial report in the oral mucosa (Potter et al). 2004;97:64-7
Factors associated with delay in presentation among younger patients with oral cancer (Llewellyn et al). 2004;97:707-13
Oral brush biopsy: false positives redux (Slater). 2004;97:419 (Letter)
Oral metastasis of a hepatocellular carcinoma (Pires et al). 2004;97:359-68
Prognostic significance of perineural invasion in oral and oropharyngeal carcinoma (Rahima et al). 2004;97:423-31
Rare vascular proliferations of the oral mucosa (Ide et al). 2004;97:75-8
Recurrent oral herpes simplex virus infection presenting as a tongue mass (Tabaee et al). 2004;97:376-80

Mouth protectors
A modified oral screen appliance to prevent self-inflicted oral trauma in an infant with cerebral palsy: a case report (Yasui et al). 2004;97:471-5

MRI; *see* Magnetic resonance imaging

Myofascial pain syndromes
Temporomandibular joint pathosis in patients with myofascial pain: a comparative analysis of magnetic resonance imaging and a clinical examination based on a specific set of criteria (Schmitter et al). 2004;97:318-24

Myxoma
Case report: myxoma of the temporalis muscle (Robin et al). 2004;97:620-4

N

Nager syndrome
Nager syndrome (preaxial acrofacial dysostosis): a case report (Kavadia et al). 2004;97:732-8

Neoplasm metastasis
Oral metastasis of a hepatocellular carcinoma (Pires et al). 2004;97:359-68

Neoplasms, vascular tissue
Rare vascular proliferations of the oral mucosa (Ide et al). 2004;97:75-8

Neurilemmoma
Schwannoma of the mental nerve: usefulness of preoperative imaging: a case report (Yamazaki et al). 2004;97:122-6

Neutropenia
Oropharyngeal *Candida* colonization and infection in neutropenic patients with hematologic malignancies (Myoken et al) (Letter); (Epstein) (Reply). 2004;97:137-8
Nickel-titanium rotary instruments
Accuracy of the Nouvag torque control motor for nickel-titanium rotary instruments (Yared and Kulkarni). 2004;97:499-501
Cyclic fatigue testing of ProTaper NiTi rotary instruments after clinical use (Fife et al). 2004;97:251-6

O

Odontoma
Dental follicles replantation after enucleation of an odontoma (Torres and Martins). 2004;97:420-2 (Letter)
Oligonucleotide array sequence analysis
Deciphering gene expression profiles generated from DNA microarrays and their applications in oral medicine (Kuo et al). 2004;97:584-91
Olmsted syndrome
Olmsted syndrome—a rare syndrome with oral manifestations (Batra and Shah). 2004;97:599-602
Oral mucosa; *see* Mouth mucosa
Oral neoplasms; *see* Mouth neoplasms
Oral surgical procedures; *see also* Osteotomy; Reconstructive surgical procedures; Tooth extraction
Commentary to "Outcomes of 152 temporomandibular joints following arthroscopic anterolateral capsular release by holmium: YAG laser or electrocautery" (Indresano). 2004;97:552 (Commentary)
Cox-2 selective inhibitors: a literature review of analgesic efficacy and safety in oral-maxillofacial surgery (Cicconetti et al). 2004;97:139-46
Evaluation of a poly-l-lactic acid membrane and membrane fixing pin for guided tissue regeneration on bone defects in dogs (Amano et al). 2004;97:155-63
Outcomes of 152 temporomandibular joints following arthroscopic anterolateral capsular release by holmium:YAG laser or electrocautery (Kaneyama et al). 2004;97:546-51
Oral ulcer
CO_2-laser treatment of ulcerative lesions (Sharon-Buller and Sela). 2004;97:332-4
Oroantral fistula
Sinus bone grafting for oral antral fistulae (Jensen). 2004;97:4 (Letter)
Osteogenesis; *see* Bone regeneration
Osteomyelitis
Tuberculous osteomyelitis of the mandible: a case report in a 4-year-old child (Chaudhary et al). 2004;97:603-6
Osteotomy
Blood-flow and neurosensory changes in the maxillary dental pulp after differing Le Fort I osteotomies (Harada et al). 2004;97:12-17
Rehabilitation of the severely atrophied maxilla by horseshoe Le Fort I osteotomy (HLFO) (Yerit et al). 2004;97:683-92
Successful inferior alveolar nerve decompression for dysesthesia following endodontic treatment: report of 4 cases treated by mandibular sagittal osteotomy (Scolozzi et al). 2004;97:625-31

P

Pain
Clinical and magnetic resonance imaging evaluation of facial pain (Ögütcen-Toller et al). 2004;97:652-8
Clinical criteria for trigeminal neuralgia (Scrivani et al) (Letter); (Sato) (Reply). 2004;97:544-5
Cox-2 selective inhibitors: a literature review of analgesic efficacy and safety in oral-maxillofacial surgery (Cicconetti et al). 2004;97:139-46
Diagnostic significance of carbamazepine and trigger zones in trigeminal neuralgia (Sato et al). 2004;97:18-22
Injection pain and postinjection pain of the palatal-anterior superior alveolar injection, administered with the Wand Plus® system, comparing 2% lidocaine with 1:100,000 epinephrine to 3% mepivacaine (Nusstein et al). 2004;97:164-72
Mandibular third molar removal: risk indicators for extended operation time, postoperative pain, and complications (Benediktsdóttir et al). 2004;97:438-46
Psychological profile in burning mouth syndrome (Al Quran). 2004;97:339-44
Temporomandibular joint pathosis in patients with myofascial pain: a comparative analysis of magnetic resonance imaging and a clinical examination based on a specific set of criteria (Schmitter et al). 2004;97:318-24
Paranasal sinuses
Primary non-Hodgkin's lymphoma of the sinonasal tract (Shohat et al). 2004;97:328-31
Parathyroid hormone-related protein
Parathyroid hormone-related protein (PTHrP) expression in ameloblastoma (Abdelsayed et al). 2004;97:208-19
Paresthesia
Successful inferior alveolar nerve decompression for dysesthesia following endodontic treatment: report of 4 cases treated by mandibular sagittal osteotomy (Scolozzi et al). 2004;97:625-31
Parotid gland
Angiosarcoma of the parotid gland arising in congenital non-irradiated hemangioma. A case with adverse outcome (Damiani). 2004;97:665-6 (Letter)
Pathology, oral
Contemporary Oral and Maxillofacial Pathology by J. Philip Sapp, Lewis Roy Eversole, and George W. Wysocki (Williams). 2004;97:663 (Book review)
The pathology laboratory report: thoughts on "building a better mousetrap" (Gould). 2004;97:135-6 (Editorial)
The role of apoptosis in oral disease: mechanisms; aberrations in neoplastic, autoimmune, infectious, hematologic, and developmental diseases; and therapeutic opportunities (Nikitakis et al). 2004;97:476-90
Patient acceptance of health care
Patient characteristics associated with receipt of dental radiographic procedures during a 48-month population-based study of dentate adults (Gilbert et al). 2004;97:642-51
Pediatric patient; *see* Child; Infant
Periapical and periodontal diseases
Association of T CD4 lymphocyte levels and subgingival microbiota of chronic periodontitis in HIV-infected Brazilians under HAART (Gonçalves et al). 2004;97:196-203
Comparative immunohistochemical study of the presence of mast cells in apical granulomas and periapical cysts: possible role of mast cells in the course of human periapical lesions (Rodini et al). 2004;97:59-63
Endodontic retreatment strategies used by general dental practitioners (Kvist et al). 2004;97:502-7
Tooth-specific risk indicators for apical periodontitis (Kirkevang et al). 2004;97:–16
Periodontal ligament

SEM observations of the attachment of human periodontal ligament fibroblasts to non-demineralized dentin surface in vitro (Al-Nazhan). 2004;97:393-7

The effect of CO_2 laser irradiation on PDL cell attachment to resected root surfaces (Fayad et al). 2004;97:518-23

The effect of Emdogain gel on periodontal healing in replanted monkeys' teeth (Lam and Sae-Lim). 2004;97:100-7

Personality inventory

Psychological profile in burning mouth syndrome (Al Quran). 2004;97:339-44

pH; *see* Hydrogen-ion concentration

Physical examination

Screening for medical disease in dental practice (Greenberg). 2004;97:417-18 (Editorial)

Pigmentation

Oral mucosal pigmentation secondary to minocycline therapy: report of two cases and a review of the literature (Treister et al). 2004;97:718-25

Pilocarpine

The efficacy of pilocarpine and bethanechol upon saliva production in cancer patients with hyposalivation following radiation therapy (Gorsky et al). 2004;97:190-5

Plastic surgery; *see* Reconstructive surgical procedures

Polymerase chain reaction

Polymerase chain reaction–based analysis of microorganisms associated with failed endodontic treatment (Siqueira and Rôças) 2004;97:85-94. Correction 2004;97:293

Polymers

Evaluation of a poly-l-lactic acid membrane and membrane fixing pin for guided tissue regeneration on bone defects in dogs (Amano et al). 2004;97:155-63

Observations on healing of human tooth extraction sockets implanted with bioabsorbable polylactic-polyglycolic acids (PLGA) copolymer root replicas: a clinical, radiographic, and histologic follow-up report of 8 cases (Nair and Schug). 2004;97:559-69

Self-reinforced bioresorbable poly-L/DL-Lactide [SR-P(L/DL)LA] 70/30 miniplates and miniscrews are reliable for fixation of anterior mandibular fractures: a pilot study (Ylikontiola et al). 2004;97:312-17

Post and core technique

Surface debris of canal walls after post space preparation in endodontically treated teeth: a scanning electron microscopic study (Serafino et al). 2004;97:381-7

Postoperative complications

Mandibular third molar removal: risk indicators for extended operation time, postoperative pain, and complications (Benediktsdóttir et al). 2004;97:438-46

Successful inferior alveolar nerve decompression for dysesthesia following endodontic treatment: report of 4 cases treated by mandibular sagittal osteotomy (Scolozzi et al). 2004;97:625-31

Posttraumatic stress disorder; *see* Stress disorders, post-traumatic

Practice management

Business education for dental professionals: how much is enough? (Hupp). 2004;97:295-6 (Editorial)

Pregnancy

Pregnancy and lactation (Suresh and Radfar). 2004;97:672-82

Psychopathology

Posttraumatic stress disorder: psychopathology, medical management, and dental implications (Friedlander et al). 2004;97:5-11

Psychological profile in burning mouth syndrome (Al Quran). 2004;97:339-44

R

Radiographic film; *see* X-ray film

Radiography, dental

Comparative investigation of subjective image quality of digital intraoral radiographs processed with 3 image-processing algorithms (Li). 2004;97:762-7

Determination of the resolution of a digital system for panoramic radiography based on CCD technology (Mastoris et al). 2004;97:408-14

Patient characteristics associated with receipt of dental radiographic procedures during a 48-month population-based study of dentate adults (Gilbert et al). 2004;97:642-51

The prevalence of calcified carotid atheromas on the panoramic radiographs of patients with dilated cardiomyopathy (Sung et al). 2004;97:404-7

Radiotherapy

A prospective study of salivary gland function in patients undergoing radiotherapy for squamous cell carcinoma of the oropharynx (Möller et al). 2004;97:173-89

Candida glabrata is an emerging cause of oropharyngeal candidiasis in patients receiving radiation for head and neck cancer (Redding et al). 2004;97:47-52

Post-irradiation leiomyosarcoma of the maxilla: report of a case in a patient with prior radiation treatment for retinoblastoma (Sedghizadeh et al). 2004;97:726-31

The efficacy of pilocarpine and bethanechol upon saliva production in cancer patients with hyposalivation following radiation therapy (Gorsky et al). 2004;97:190-5

Reconstructive surgical procedures

Essentials of Septorhinoplasty: Philosophy, Approaches, Techniques by Hans Behrbohm and M. Eugene Tardy, Jr (Jordan). 2004;97:543 (Book review)

Immediate reconstruction of maxilla with bone grafts supported by pedicled buccal fat pad graft (Zhong et al). 2004;97:147-54

Observations of the marginal incision and lateral crura alar cartilage asymmetry in rhinoplasty: a fixed cadaver study (Hatzis et al). 2004;97:432-7

Use of amnion as a graft material in vestibuloplasty: a preliminary report (Samandari et al). 2004;97:574-8

Renal osteodystrophy

Localized jaw enlargement in renal osteodystrophy: report of a case and review of the literature (Kalyvas et al). 2004;97:68-74

Replantation

Dental follicles replantation after enucleation of an odontoma (Torres and Martins). 2004;97:420-2 (Letter)

The effect of Emdogain gel on periodontal healing in replanted monkeys' teeth (Lam and Sae-Lim). 2004;97:100-7

Respiratory epithelial adenomatoid hamartoma

Respiratory epithelial adenomatoid hamartoma of the maxillary sinus presenting as a periapical radiolucency: a case report and review of the literature (Kessler and Unterman). 2004;97:607-12

Retinoblastoma

Post-irradiation leiomyosarcoma of the maxilla: report of a case in a patient with prior radiation treatment for retinoblastoma (Sedghizadeh et al). 2004;97:726-31

Retreatment

Endodontic retreatment strategies used by general dental practitioners (Kvist et al). 2004;97:502-7

Rhinoplasty

Essentials of Septorhinoplasty: Philosophy, Approaches, Techniques by Hans Behrbohm and M. Eugene Tardy, Jr (Jordan). 2004;97:543 (Book review)

Observations of the marginal incision and lateral crura alar cartilage asymmetry in rhinoplasty: a fixed cadaver study (Hatzis et al). 2004;97:432-7

Root canal; *see* Dental pulp

Root canal irrigants

Evaluation of pH levels and calcium ion release in various calcium hydroxide endodontic dressings (Ferreira et al). 2004;97:388-92

In vitro evaluation of the antimicrobial activity of chlorhexidine and sodium hypochlorite (Vianna et al). 2004;97:79-84

Root canal obturation

Fluid transport along gutta-percha backfills with and without sealer (Wu et al). 2004;97:257-62

Influence of the thickness of mineral trioxide aggregate on sealing ability of root-end fillings in vitro (Valois and Costa). 2004;97:108-11

Success rate of endodontic treatment of teeth with vital and nonvital pulps. A meta-analysis (Kojima et al). 2004;97:95-9

The effectiveness of compomer as a root-end filling: a clinical investigation (Platt and Wannfors). 2004;97:508-12

Root canal preparation

A comparison of Profile, Hero 642, and K3 instrumentation systems in teeth using digital imaging analysis (González-Rodríguez and Ferrer-Luque). 2004;97:112-15

Accuracy of the Nouvag torque control motor for nickel-titanium rotary instruments (Yared and Kulkarni). 2004;97:499-501

Comparison of procedural errors resulting during root canal preparations completed by senior dental students in patients using an '8-step method' versus 'serial step-back technique' (Kfir et al). 2004;97:745-8

Cyclic fatigue testing of ProTaper NiTi rotary instruments after clinical use (Fife et al). 2004;97:251-6

Perforation risks associated with the use of Masserann endodontic kit drills in mandibular molars (Yoldas et al). 2004;97:513-17

Surface debris of canal walls after post space preparation in endodontically treated teeth: a scanning electron microscopic study (Serafino et al). 2004;97:381-7

The effect of CO_2 laser irradiation on PDL cell attachment to resected root surfaces (Fayad et al). 2004;97:518-23

Root canal therapy

Endodontic retreatment strategies used by general dental practitioners (Kvist et al). 2004;97:502-7

Polymerase chain reaction–based analysis of microorganisms associated with failed endodontic treatment (Siqueira and Rôças) 2004;97:85-94. Correction 2004;97:293

Root resorption

The effect of Emdogain gel on periodontal healing in replanted monkeys' teeth (Lam and Sae-Lim). 2004;97:100-7

S

Saliva

Detection of apoptotic cells in whole saliva of patients with oral premalignant and malignant lesions: a preliminary study (Cheng et al). 2004;97:465-70

Effect of antibacterial therapy and salivary secretion on the efficacy of *Helicobacter pylori* eradication in duodenal ulcer patients (Namiot et al). 2004;97:714-7

Salivary gland diseases

A prospective study of salivary gland function in patients undergoing radiotherapy for squamous cell carcinoma of the oropharynx (Möller et al). 2004;97:173-89

An update of the etiology and management of xerostomia (Porter et al). 2004;97:28-46

Angiosarcoma of the parotid gland arising in congenital nonirradiated hemangioma. A case with adverse outcome (Damiani). 2004;97:665-6 (Letter)

Assessment of p63 expression in the salivary gland neoplasms adenoid cystic carcinoma, polymorphous low-grade adenocarcinoma, and basal cell and canalicular adenomas (Edwards et al). 2004;97:613-19

The efficacy of pilocarpine and bethanechol upon saliva production in cancer patients with hyposalivation following radiation therapy (Gorsky et al). 2004;97:190-5

Sarcoma, synovial

Anterior buccal mucosal mass (Goebel et al). 2004;97:667-71

Scanning electron microscopy; *see* Microscopy, electron, scanning

Schools, dental; *see* Education, dental

Schwannoma; *see* Neurilemmoma

Screening; *see* Mass screening

Signal transduction

Examination of the signal transduction pathways involved in matrix metalloproteinases-2 in human pulp cells (Huang et al). 2004;97:398-403

Sinusitis

Iatrogenic maxillary sinus exposure during maxillary posterior root-end surgery (Walton) (Letter); (Kretzschmar) (Reply). 2004;97:3-4

Sjogren's syndrome

A comparison of the hormone levels in patients with Sjogren's syndrome and healthy controls (Taiym et al). 2004;97:579-83

Sodium hypochlorite

In vitro evaluation of the antimicrobial activity of chlorhexidine and sodium hypochlorite (Vianna et al). 2004;97:79-84

Squamous cell carcinoma; *see* Carcinoma

Statistics

Statistical analysis used in "A prospective placebo-controlled double-blind trial of antibiotic prophylaxis in intraoral bone grafting procedures: a pilot study" (2003:96:669-72) (Brennan et al) (Letter); (Lindeboom and Van den Akker) (Reply). 2004;97:664, 664-5

Stomatitis

CO_2-laser treatment of ulcerative lesions (Sharon-Buller and Sela). 2004;97:332-4

Evaluation of the recurrence of denture stomatitis and *Candida* colonization in a small group of patients who received itraconazole (Cross et al). 2004;97:351-8

Stress disorders, post-traumatic

Posttraumatic stress disorder: psychopathology, medical management, and dental implications (Friedlander et al). 2004;97:5-11

Students, dental

Comparison of procedural errors resulting during root canal preparations completed by senior dental students in patients using an '8-step method' versus 'serial step-back technique' (Kfir et al). 2004;97:745-8

Surgical procedures; *see* Oral surgical procedures; Osteotomy; Reconstructive surgical procedures; Tooth extraction

Swallowing; *see* Deglutition

T

Technology, dental

Determination of the resolution of a digital system for panoramic radiography based on CCD technology (Mastoris et al). 2004;97:408-14

The pathology laboratory report: thoughts on "building a better mousetrap" (Gould). 2004;97:135-6 (Editorial)

Temporal muscle

Case report: myxoma of the temporalis muscle (Robin et al). 2004;97:620-4

Temporomandibular joint

Commentary to "Outcomes of 152 temporomandibular joints following arthroscopic anterolateral capsular release by holmium: YAG laser or electrocautery" (Indresano). 2004;97:552 (Commentary)

CT features of synovial chondromatosis in the temporomandibular joint (Yu et al). 2004;97:524-8

Evaluation of disc position in edentulous patients with complete dentures (Porto et al). 2004;97:116-21

Outcomes of 152 temporomandibular joints following arthroscopic anterolateral capsular release by holmium:YAG laser or electrocautery (Kaneyama et al). 2004;97:546-51

Temporomandibular joint: a methodology of magnetic resonance imaging 3-D reconstruction (Chirani et al). 2004;97:756-61

Temporomandibular joint dysfunction in Marfan syndrome (Bauss et al). 2004;97:592-8

Temporomandibular joint pathosis in patients with myofascial pain: a comparative analysis of magnetic resonance imaging and a clinical examination based on a specific set of criteria (Schmitter et al). 2004;97:318-24

T2-weighted MRI for the assessment of joint effusion: comparative study of conventional spin-echo and fast spin-echo sequences (Mori et al). 2004;97:768-74

Third molar; *see* Molar, third

Tomography, x-ray computed

Anyone up for annual whole body CT screening? (Matteson). 2004;97:541-2 (Editorial)

CT features of synovial chondromatosis in the temporomandibular joint (Yu et al). 2004;97:524-8

Schwannoma of the mental nerve: usefulness of preoperative imaging: a case report (Yamazaki et al). 2004;97:122-6

Tongue diseases

Acute tongue abscess. Report of three cases (Antoniades et al). 2004;97:570-3

Recurrent oral herpes simplex virus infection presenting as a tongue mass (Tabaee et al). 2004;97:376-80

Tooth abnormalities

Concrescence: report of a rare case (Romito). 2004:97:325-7

Phenotypic diversity and revision of the nomenclature for autosomal recessive amelogenesis imperfecta (Nusier et al). 2004;97:220-30

Tooth extraction

Mandibular third molar removal: risk indicators for extended operation time, postoperative pain, and complications (Benediktsdóttir et al). 2004;97:438-46

Observations on healing of human tooth extraction sockets implanted with bioabsorbable polylactic-polyglycolic acids (PLGA) copolymer root replicas: a clinical, radiographic, and histologic follow-up report of 8 cases (Nair and Schug). 2004;97:559-69

Tooth transplantation

A prospective study on transplantation of third molars with complete root formation (Mejàre et al). 2004;97:231-8

Autogenous mandibular canine transplantation (Abdel-Kader and Kharma) (Letter); (Ioannidou and Makris) (Reply). 2004;97:297-300

Transplants

A prospective study on transplantation of third molars with complete root formation (Mejàre et al). 2004;97:231-8

Autogenous mandibular canine transplantation (Abdel-Kader and Kharma) (Letter); (Ioannidou and Makris) (Reply). 2004;97:297-300

Immediate reconstruction of maxilla with bone grafts supported by pedicled buccal fat pad graft (Zhong et al). 2004;97:147-54

Oral graft-versus-host disease and programmed cell death: pathogenetic and clinical correlates (Sedghizadeh et al). 2004;97:491-8

Oropharyngeal *Candida* colonization and infection in neutropenic patients with hematologic malignancies (Myoken et al) (Letter); (Epstein) (Reply). 2004;97:137-8

Sinus bone grafting for oral antral fistulae (Jensen). 2004;97:4 (Letter)

Statistical analysis used in "A prospective placebo-controlled double-blind trial of antibiotic prophylaxis in intraoral bone grafting procedures: a pilot study" (2003:96:669-72) (Brennan et al) (Letter); (Lindeboom and Van den Akker) (Reply). 2004;97:664, 664-5

Use of amnion as a graft material in vestibuloplasty: a preliminary report (Samandari et al). 2004;97:574-8

Trauma; *see* Wounds and injuries

Trigeminal neuralgia

Clinical and magnetic resonance imaging evaluation of facial pain (Ögütcen-Toller et al). 2004;97:652-8

Clinical criteria for trigeminal neuralgia (Scrivani et al) (Letter); (Sato) (Reply). 2004;97:544-5

Diagnostic significance of carbamazepine and trigger zones in trigeminal neuralgia (Sato et al). 2004;97:18-22

Tuberculosis, osteoarticular

Tuberculous osteomyelitis of the mandible: a case report in a 4-year-old child (Chaudhary et al). 2004;97:603-6

U

Ulcer

CO_2-laser treatment of ulcerative lesions (Sharon-Buller and Sela). 2004;97:332-4

Effect of antibacterial therapy and salivary secretion on the efficacy of *Helicobacter pylori* eradication in duodenal ulcer patients (Namiot et al). 2004;97:714-7

Ultrasonography

Schwannoma of the mental nerve: usefulness of preoperative imaging: a case report (Yamazaki et al). 2004;97:122-6

V

Vestibuloplasty

Use of amnion as a graft material in vestibuloplasty: a preliminary report (Samandari et al). 2004;97:574-8

W

Women

Pregnancy and lactation (Suresh and Radfar). 2004;97:672-82

Wounds and injuries

A modified oral screen appliance to prevent self-inflicted oral trauma in an infant with cerebral palsy: a case report (Yasui et al). 2004;97:471-5

Maxillofacial fractures sustained during sports played with a ball (Delibasi et al). 2004;97:23-7

Self-reinforced bioresorbable poly-L/DL-Lactide [SR-P(L/DL)LA] 70/30 miniplates and miniscrews are reliable for fixation of anterior mandibular fractures: a pilot study (Ylikontiola et al). 2004;97:312-17

X

X-ray film

In vitro carious lesion detection on D-, E-, and F-speed radiographic films (Schulze et al). 2004;97:529-34

Xerostomia

A prospective study of salivary gland function in patients undergoing radiotherapy for squamous cell carcinoma of the oropharynx (Möller et al). 2004;97:173-89

An update of the etiology and management of xerostomia (Porter et al). 2004;97:28-46

The efficacy of pilocarpine and bethanechol upon saliva production in cancer patients with hyposalivation following radiation therapy (Gorsky et al). 2004;97:190-5
